

Dear Student:

We are pleased to welcome you to Hillcrest Hospital and hope that you will enjoy your clinical rotation. The vision for Nursing Services is focused on exceptional practice and a collaborative approach to quality patient care. Our goal is to provide you with a broad knowledge of disease processes and treatment modalities and to support you as you provide care to our patients.

All nurses at Hillcrest are dedicated to the success of your experience and are excited to share their knowledge and expertise. We are here to be your mentors and to promote the art and science of clinical practice as we partner with each other.

I invite you to explore the opportunities available at Hillcrest and hope you will become a member of our dynamic team in the future. Nursing excellence is our ultimate commitment for patients and you are vital to our continued success.

Welcome to Hillcrest

Andi Wasdovich, RN  
Vice President of Nursing/CNO
